Re: Investment

Dear Investor,

We're Attorney Service of Louisiana, Inc. a 27 year old conventional legal service company. We're currently in need of a strong infusion of funds.

We're seeking an investment of \$150,000.00 to \$1,000,000.00 for expansion of our firm. We offer a variety of legal services that consist of motions, briefs, appellate litigations, governor's pardons, presidential clemency and pardons. We're handling divorces, bankruptcy, civil/criminal cases, mortgage, small business planning, immigration matters and a series of other legal type cases. We also, offer notary services and process services.

Here at Attorney Service of Louisiana, Inc. we prepare all motions and litigations for our clients who can appear in court without an attorney and argue the case on our preparation. This is called Do It Yourself Legal Workshop. When we prepare a motion for our clients they're able to win their case without the attorney being present.

Our Litigation is self-explanatory. Throughout the nation and Canada, judges have enjoyed reading our pleading presented by our clients. There are a lot of attorneys that call on us to prepare their pleading for them to argue. Our pleading has freed (17) seventeen men and women from death row and life sentences in Texas and other states.

We're not lawyers nor attorneys, but we're able to function in the same capacity and we don't appear in court rooms. Our service is affordable and everyone can use our payment plan, if needed. Our clients can make monthly payments.

We need your investment to help us keep helping other that can't afford the high cost of a lawyer or an attorney. We here at Attorney Service of Louisiana, Inc. look forward to having you as our investor and advisor on our legal team.

Sincerely,

Jim Nixon
Vice President
